### **IHE REQUESTS (Substantive Change; Reviews, etc.)**

#### **UNH REQUEST**

Elizabeth Arcieri from UNH presents the substantive change request to have an additional pathway at the undergraduate level due to low attendance of the graduate program for theater education and dance education certification. In general, the 4-year program is the same coursework, plan of study, and candidate assessment system of the 5 year with a minor adjustment for dance tech coursework. The clinical experience is not changing, and the certification would be obtained at the undergraduate level. The 5-year program is being reviewed onsite in November. The member discussion including the following topics:

- How to distinguish between undergrad and grad credits – the content is the same and the focus is certification competency.

- How to define the culminating field work experience and requirements – the rules are general in defining the experience requirements and can be reviewed during the onsite visit. Raina Ames clarifies that the 1<sup>st</sup> semester experience would be in the age group that they are likely not to teach and the 2<sup>nd</sup> semester in the age group that they intend to find jobs.
- Caveat that certification may need to be used for positions in K thru 12.

**MOTION:** Suzanne Canali made the motion to accept the substantive change request without a need for any further review by the NHDOE or CTE seconded by Steve Bugaj.

**VOTE:** The motion was approved by vote of the Board with the Chairman voting. Tom Schram and Laura Stoneking abstained.
